

IMPORTANT NOTICE

YOUR Camper Trailer Check List

Congratulations on the purchase of your new trailer.

Please read the following important notice before using your trailer

- **Check** Wheel nuts are after first 100kms (Do Not Over Tighten) & always check this before every trip. Torque setting 125NM
- **Check** wheel bearings are still packed tight after first 500kms (you can do this by checking wheel stability) You should also check prior to each trip.
- **Season Canvas** (refer to owner's manual).
- **Always** Adjust Electronic Brakes on Brake Controller. Do not have up to high as they can over heat and cause malfunction.
- **Read** the customer owner's manual before using camper trailer.
